

★★ Route 2 : Continue Route 1 from Agios Nicolaos to Trachila , about 2hrs on the bike. View Ranger short code oneone0002

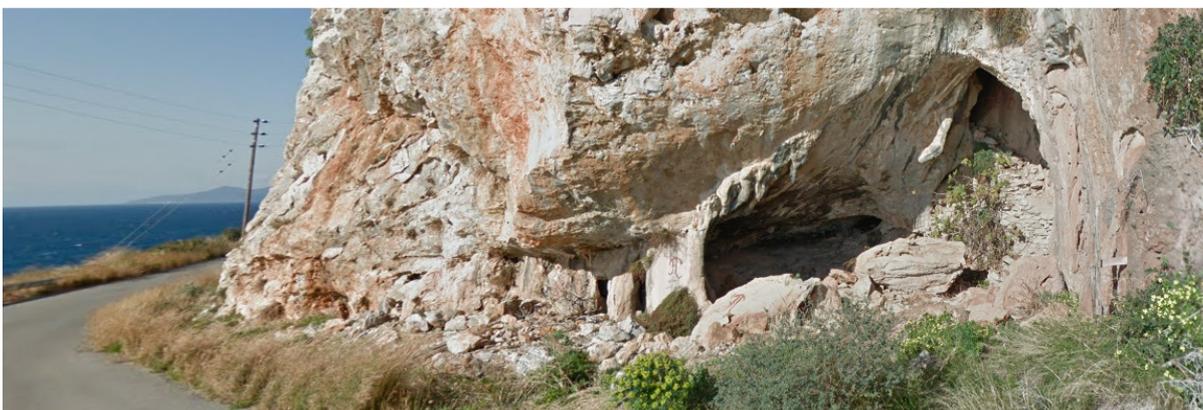

Super-simple; just follow the sea side and end up in Trachila.

First you will pass Pantazi beach. Great beach if you are (like me) fed up with sun beds

Make sure you understand how your gears work. As long as you are not using the smallest gear in the front and the biggest in the back, you do not need to step off your bike!

Do not forget to stop at some of the caves!

This one has a nice climb into the cave on old steps.

This one we call the “pirate cave”. Very beautiful view from inside the cave!  
Picture taken from the place where you (try to) reach the entrance

The last bit is on gravel.

And back....
