

★★★ Route 3:

Roundtrip Stoupa-Neochori-Pyrgos-Driopi-Karyovouni-Milea-Platsa-Agios Dimitrios. About 3 hrs

Shortcode in View Ranger: oneone0003

Start at the bakery and cross the road to enter the small asphalt road opposite. Continue to climb up on this road and go left at the end. Just follow the road up to the villages of Neochorio and Pyrgos. After Pyrgos go right to Karyovouni, at the bus stop:

You will pass the very small village of Driopi. Continue up, and soon you will find the highest point of the route: the water basin at some 600mtrs. You might like to try the fresh mountain water!

From, here it is mostly down!

The best place for refreshments and food is just a couple of minutes away at high speed. The village square in Karyovouni is on your right, at a lower level than the street so make sure you don't miss it.

Continue on the main road through Milea and at the crossing (this will take some time to reach) go straight/left to Platsa:

After a couple of hundred meters you will find the sign for Platsa to the right, take that turn.

You will end up at the square, time for drinks again maybe!

Now you need to find the way down to the coast.

Go in between the white building and the back of the church. Take the second concrete road to the right. This will drive down and end at the sea and Agios Dimitrios.

From this point on you should be able to find your way back to Stoupa keeping the sea at you left and using routes 1 or 2.
